### 2. Hazards' identification.

Classification of the Substance. 2.1.

GHS Classification: According to EU Reg. 1272/2008 and US OSHA 1910.1200) 2.1.1.

Not hazardous, not classified according to EU Reg. 1272/2008 and US OSHA 1910.1200).

2.2. GHS Label elements, including precautionary statements

2.2.1. Pictogram: {None} Signal word: {None}

2.2.2. Hazard Statements

Not hazardous, not classified according to EU Reg. 1272/2008 and US OSHA 1910.1200).

2.2.3.	GHS Precautionary Statements	
P203		Obtain, read and follow all safety instructions before use.
P261		Avoid breathing dust or mist.
P264		Wash {hands} thoroughly after handling.
P270		Do not eat, drink or smoke when using this product.
P272		Contaminated work clothing should not be allowed out of the workplace.
P280		Wear protective gloves/protective clothing/eye protection/face protection/hearing protection

#### *P* GHS Response Phrases: 2.2.4.

P301+P330 IF SWALLOWED: Rinse mouth P308+P313

IF exposed or concerned: Get medical advice/attention

### Composition/information on ingredients *3*.

Substance	
Substance Name:	10,11-Dehydrocurvularin <sup>4</sup>
Concentration	<=100%
CAS Registry#:	21178-57-4
<i>EC</i> #:	Not listed @ 8-2024
Molecular Formula:	C16H18O5
Molecular Weight:	158.11 g/mol
Classification	Not classified
Mixture?	Substance

4. First Aid Measure			
4.1. Description of First			
General advice:	First-aiders need to protect themselves.		
	If medical attention is required, show this safety data sheet to the doctor in attendance.		
Ingestion:	If swallowed: give water to drink (two glasses at most). Seek medical advice immediately.		
4.2. Most important sym	ptoms and effects, both acute and delayed		
General symptoms	See section 11		
4.3. Indication of any im	mediate medical attention and special treatment needed		
Note to physicians	No data available		
5. Fire-fighting mea	sures.		
5.1. Extinguishing media			
Suitable extinguishing media	<i>Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</i>		
Unsuitable extinguishing media	None known		
5.2. Other information			
Hazardous combustion products	Carbon oxides C16H18O5		
Advice for firefighters	<i>Wear self-contained breathing apparatus for fire fighting if necessary.</i> <i>Wear protective suit.</i>		
6. Accidental release	e measures		
6.1. Personal precaution	s, protective equipment, and emergency procedures		
Personal precautions	<i>Use personal protective equipment as required. Keep people away from and upwind of spill/leak.</i>		
6.2. Environmental prec	autions		
Environmental precautions	Prevent further leakage or spillage if safe to do so. Prevent product from entering drains.		
6.3. Methods and material for containment and cleaning up			
Methods for containment:	Prevent further leakage or spillage if safe to do so. Cover the powder spill with a plastic sheet or tarp to minimize spreading. Dike far ahead of liquid spill for later disposal.		
Methods for cleaning up:	Clean-up should be dealt with only by qualified personnel familiar with the specific substance. Cover liquid spill with sand, earth or other non- combustible absorbent material (e.g., sand, earth, diatomaceous earth,

10 11 12 13 14 15 16

	and vermiculite). Cover the powder spill with a plastic sheet or tarp to minimize spreading. Sweep up and shovel into suitable containers for disposal.
7. Handling and sta	*
7.1. Precautions for say	8
Advice on safe handling:	Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Wash contaminated clothing before reuse. Do not breathe dust/fume/gas/mist/vapors/spray. Do not eat, drink or smoke when using this product.
7.2. Conditions for safe	e storage, including any incompatibilities
Storage Conditions:	Keep container tightly closed in a dry and well-ventilated place. Keep out of the reach of children. Store at -20 °C.
Suitable packaging	Must only be kept in original packaging.
Incompatible materials:	None known based on information available.
8. Exposure Contro	ols/Personal Protection

9

8

# Attiention:

Usually, the product of concern would be present at the intended workplace in miniscule amounts, while surrounded by considerable amounts of other flammable, toxic or otherwise hazardous substances. Therefore, the employer/user should perform a risk assessment prior to the use of this product.

The type of protective equipment must be selected based on the amount and concentration of all dangerous materials being used in the workplace.

All recommendations included in this document are advisory in nature

### 8.1. Control parameters

Control parameters	Components with workplace control parameters
8.2. Exposure controls	
Appropriate engineering	Showers, Eyewash stations, Ventilation systems
controls	Avoid contact with skin, eyes, and clothing.
	Wash hands before breaks and immediately after handling the product.
	Use fume-hood for routine work.

# 8.3. Personal protective equipment

[PPE=Personal Protection Equipment]

Sections

#### 10,11-Dehydrocurvularin Safety Data Sheet 个 A 10 11 12 13 14 15 16 8 9

SDS 10,11 Dehydrocurvularin vers 003 07 2025.docx

Page 5 of 9

PPE: Respiratory protection	Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
PPE: Hand Protection:	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal techniques to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices, and wash and dry hands
PPE: Eye Protection:	Use a face shield and safety glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU)
PPE: Skin and Body Protection:	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of Regulation (EU) 2016/425 and the standard EN 374 derived from it.

#### 9. **Physical and chemical properties**

The information given here does not purport specification of warranty of any kind. It is designed only as guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered a warranty or quality specification.

#### *9.1*. **Physical/chemical properties**

Physical State at room temperature Solid

White to Off-White powder Appearance

No further safety relevant data are available

#### 10. Stability and reactivity

Reactivity:	No information available.		
Chemical stability:	Stable under normal conditions.		
Conditions to avoid	Heat, flames and sparks. Sunlight.		
Incompatible materials	Strong reducers and exidizers		
Possibility of Hazardous Reactions	None under normal processing		
Hazardous combustion products	See section 5

Quality systems and regulatory affairs

## 16.3. General Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication.

8

The information given here is designed only as guidance for safe handling, use, processing, storage, transportation, disposal, and release and **is not to be considered a warranty or quality specification**. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless explicitly specified in the text.

# 16.4. The users'/employers' responsibility:

Usually, the product of concern would be present at the intended workplace in miniscule amounts, while surrounded by considerable amounts of other flammable, toxic or otherwise hazardous substances.

Therefore, the employer/user should perform a risk assessment by prior to the use of this product. The type of protective equipment must be selected based on the amount and concentration of all dangerous materials being used in the workplace.

All recommendations included in this document are advisory in nature.

# 16.5. No © copyright

Fermentek does not claim © copyright on this document.

Fermentek believes that no one can claim copyright on an SDS. This sort of document is but a compendium of common knowledge and published facts.

Fermentek explicitly releases this document into the public domain.
